Enduraplas

### Water Well Customers

If you are going to be using one of our tanks for well or trucked in water you can subtract \$47 from below prices. That is our cost for rain water harvesting kit that includes

- Basket strainer
- Overflow system
- Brass ball valve assembly

Enduraplas tanks are like no other tanks on the market. Their extra heavy side wall resists bulging as in other tanks. They use a compounded resin on all their colors which means no sunlight inside the tanks making them algae resistant. Oasis uses Rain Harvesting overflows which raises the storage in the tanks by 3"-4" and includes a Mozzie Stop also made by Rain Harvesting which will never clog up like other overflows yet still keep bugs from getting inside the tanks. The roof on these are much more stiff than other tanks so they will not collapse if stood on.

Gallons	Dimensions	OASIS	cost
	(Dia x Height)	Retail Price	per gallon
100	30 x 43	\$476	4.76
150	30 x 61	\$595	3.97
200	30 x 79	\$690	3.45
210	40 x 48	\$707	3.37
340	40 x 74	\$890	2.62
450	40 x 94	\$1,029	2.29
550	60 x 52	\$1,154	2.10
870	60 x 78	\$1,616	1.86
1100	60 x 97	\$1,710	1.55
1125	85 x 56	\$1,752	1.56
1200	90 x 60	\$1,924	1.60
1350	85 x 71	\$2,047	1.52
1550	85 x 80	\$2,235	1.44
1650	90 x 73	\$2,386	1.45
1750	85 x 89	\$2,517	1.44
2000	90 x 93	\$2,623	1.31
2100	85" x 100"	\$2,437	1.16
2500	90 x 113	\$2,864	1.15
2600	100 x 92	\$3,070	1.18
3,000	90 x 125	\$3,496	1.17
5050	120 x 120	\$6,370	1.26
5200	100 x 164	\$ 6,720	1.29
